The One Platform program has generated recurring savings of \$1.6m pa. With our positive cashflow from operations, cash in bank has continued to increase to \$3.1m from \$2.3m<sup>1</sup>. It is also encouraging to see Xplore's Super and Pension WRAP which was launched mid 2019 is now gaining momentum with FUA growing 48% from the prior quarter (QoQ).

## 2. Funds Under Administration

Group FUA as at 30 September 2020 up 3.6% prior comparable period (pcp) from \$14.99 Billion to \$15.53 Billion.

During the quarter Gross Flows were \$0.62 Billion. Pleasingly our WRAP offers within our Retail Managed Account business are starting to see stronger growth after the launch of our Super Wrap in mid CY19 and our distribution team focusing on greater product penetration from existing clients.

**Super & Pension Managed Account WRAP** FUA is up 48% QoQ. Two Managed Discretionary Account (MDA) clients are scheduled in the December quarter to switch their Super & Pension clients from our competitors. This will provide these two Advice AFSL's real efficiency in terms of their Investment Management capability and overall end to end client management.

**Investment Managed Account WRAP** FUA is up 4.5% QoQ, with the month of September particularly robust with net inflows of \$42m. The primary driver of September's net inflows was a large client extending their Managed Account solution to another Advice business within the Group.

### 3. One Platform program

During the September quarter the One Platform program focused on the second of three stages, after the successful completion of upgrading “**Key Foundations**” to Xplore’s target state one platform, being: Custody, Transactional backend and IT Infrastructure.

Stage two, “**Migration Readiness**” began with a review and further short-term contractors to ensure the completion of all requirements in readiness for a successful migration. IT development work also started across key streams of the program such as automating adviser and client fees processes and key reports.

The One Platform program had an additional \$0.5m pa of recurring savings commence during the September quarter, driven mainly through contract savings with various IT Infrastructure vendors.

The running tally of annual recurring savings for the program has now gone from \$1.1m to \$1.6m pa.

With Hub24 and Xplore having entered into an Implementation Agreement for the purposes of a proposed Scheme of Arrangement for Hub24 to acquire 100% of Xplore shares, we have agreed with Hub24 as per the Implementation Agreement to;

- Cease the last stage of the program, “**Client Migration**” with immediate effect; and
- Consult with Hub24 to practically conclude stage two of the program, **Migration Readiness**.
